

ACUMEN ASSESSMENTS

Professional Fitness For Duty Assessments

Acumen Assessments is an international provider of state-of-the-science multidisciplinary diagnostic assessments in both forensic and clinical domains. We specialize in evaluating:

- Distress and disruption in the workplace
- Professional sexual misconduct & boundary problems
- Sexual harassment & hostile work environment
- Substance-related problems
- Difficulties with professional role functioning
- Challenges associated with aging and possible neurocognitive decline

We endeavor to help our clients to develop the insight they need to resolve personal and work-related difficulties, develop resilient and rewarding life plans, and return to full professional accountability.

Organizational Assessments & Consultations

Acumen Assessments provides a continuum of consultation and assessment services to medical and other professional organizations, such as hospitals, surgery centers, group practices, and professional partnerships.

- Medical and Professional Organizational Consultation
- Medical and Professional Team/Department Consultation
- Medical and Professional Executive Leadership Consultation and Executive Selection Assessments
